## THE TIMES . . .

Viewed from any standpoint, our times are among the most wacky that people have gone through during the course of many centuries. Wars are raging over much of the world's land, far out to sea, and high in the air, while those nations not in war are quaking with fear or itching for their chance at revenge.

Within continents and nations, class strife, suspicion, fear and hatred simmer and boil over by turns. Quacks of all sorts flourish on the general instability of the times. People are nearly all jittery, and some crackpots are saying it is the end of man's world. Although steadier people know that life will go on somehow, even they admit that we are going to face revolutionary changes. No one can be sure where the dark forces might lead.

But one great nation, the United States, has not blacked out its hopes for a decent society. Its colleges continue to absorb new freshmen and to try to train students in character and clear thinking.

These pages will suggest something of the vitality, sound teaching, and downright fun to be found in small United States liberal arts colleges—of which Wofford is truly representative—and also something of the breath-taking cruelty and lightning metamorphosis that is taking place in the larger world of action and events.

We will try to show that the microcosm of college coalesces into the macrocosm of adult life. This linkage between the academic world and the adult is not at all mechanical and spasmodic, but organic, and continuous. Although a few college occupations are sheltered and cloistered, they have their bearing on current happenings, and so the life of college is a pulsing part of life itself.

*"The time is out of joint."*

## HERE'S HOW THEY PLAY

There are many ways to have fun at Wofford, and you can always find somebody looking for a good time. Well, why not? Ever since the ancient and sedate Chinese lawgivers culled choice tea leaves and wrote mellow poems on apple blossoms for recreation, people have always gotten a kick out of letting work slide for a while, and then returning to their jobs with new zest.

Of course, there are professional, full time fun-makers in all colleges, but at Wofford there are only a few. The majority of the student body squints at bacteria, weighs out metallic salts, observes pendulums, writes sepulchral essays, and sweats over Shakespeare for hours on end, and then cuts loose for an occasional good time.

They will grow up to marry Nancy, Mary or Sara and themselves be Uncle Joe or Cousin Bob, and long after they have forgotten the laws of chemical combination or Hamlet's soliloquy on suicide they can look back to dances and banquets, to rat meetings and shirt-tail parades, to dates and games, and chuckle at their pranks or long for their carefree days as students.

*"The mirth and fun grew fast and furious."*

## AND STUDY, BULL,

Studying is not always easy going, because a liberal arts college such as Wofford is conservative enough to believe that only by persistent effort can anything be made to impress itself in the thousands of little folds in the brain. A genial Wofford professor has remarked that knowledge doesn't come by intuition, and during exams, many a distraught, discomboomalated student is eager to agree. But studying, when it is released from the picayune fetters of boning for a pending class or exam, proves itself as prac-

## AND DREAM...

tically the only reliable way to security in a world of conflicting facts and shifting backgrounds.

Whatever other failings the men at Wofford have, they are not disinterested in life around them, nor apathetic in the face of world problems. Bull sessions which begin with lusty trivia and campus jokes often work around to themes of cosmic proportions. Religion, war, government, education, destiny and marriage are endlessly discussed and re-discussed.

*"A thing of beauty is a joy forever:  
Its loveliness increases; it will never  
Pass into nothingness; but still will keep  
A bower quiet for us, and a sleep  
Full of sweet dreams, and health, and quiet breathing."*

## AND WORK...

Wofford students hold down a complex variety of jobs, some of which call for real experience and technical knowledge.

Some boys pay their way through school with their earnings, while others work for experience, for diversion, and for a little extra money.

Pictured here are just some of the many occupations of a student body which includes mechanics and electrical technicians, as well as salesmen, script writers and radio announcers.

# W H I L E

Savage dictators are brazenly attacking the citadels of democracy throughout the world, and what is immeasurably more heinous, are fiercely striving to break down the most sacred traditions and time-tested ideals of the whole human race.

By the swift and merciless application of force, they are conquering some peoples and holding others in sullen submission. They have spread desolation, famine, and anguish in such proportions that the great democratic leader, Churchill, says the world stands before a crime without a name. Peoples are uprooted, disease is rampant, and proud nations are living on scraps handed out by their would-be masters.

# OUTSIDE . . .

Against this revolution in reverse, this betrayal of human life into senseless nihilism, stand the democratic nations of the world, grim and united. Theirs will be the victory and theirs the sobering responsibility to make a world which can enjoy the pursuits of peace once more.

The dying lama in James Hilton's *Lost Horizon* predicted what Alfred Tennyson and Oswald Spengler foresaw: a tremendous period of world upheaval to be followed by a new conception of man's dignity and worth. The democracies are the seed-bed and the world's only fertile hope from which the shining future can emerge.

## BUT THE OUTSIDE WORLD HAS ITS ATTRACTIONS AS WELL . . .

It would be foolish to assume that everything is going to pot in man's life upon earth. True, we are living in one of the great transitional eras of existence—although, for the moment, it is impossible to say just where we are going.

The times of transition leave little room for those serene and dignifying parts of a man's life, his worship, his love and care for his own particular soil, his leadership in politics or some other field.

War is going to last a long time we are told. And yet, in the not-too-distant future, brotherhood, the land, and the orderly ways of political democracy will have the final say.

The life of Earth that you shall see?  
What strange new facts the years will show?  
What wonders rare your eyes shall know?

Will conquering science war its way?”*

THE S. C. A. BUILDING

Wofford College was first chartered by the Legislature of South Carolina December 6, 1851. Suitable buildings having been erected, a president and professors were elected November 24, 1853, and the college was opened August 1, 1854. Since that time it has never been suspended.

The Wofford of today is training men for the immediate crisis, and will continue to train new student bodies . . . new hopes . . . new ambitions.

## IN THE LIBERAL ARTS AND SCIENCES . . .

Wofford's educational process is much the same as that of other colleges of similar size and design.

Classes in the liberal arts—history, English, foreign languages and mathematics—give the student an insight into general backgrounds and cultures, and train him in clear expression, while the demands of knowledge, exactness, and regularity in the physical sciences provide a groundwork for future medicos, chemists, physicists, engineers, and draftsmen.

# EVENTS OF

Here are some of the highlights of an interesting school year. There are many others, not presented here. At the left is a shot of the S. C. Senator, now Associate Justice James F. Byrnes as he makes a plea for national unity over a nation wide hook-up originating in the Wofford chapel. He was introduced to multiplied thousands of listeners by Dr. H. N. Snyder.

At the left, below, many students listen as Converse girls sing their Alma Mater from a balcony. This trip to Converse is a time-honored climax to all Wofford shirt-tail parades.

At the right, below, Dr. Snyder presents a diploma to Billy Chapman during the solemn, and for the graduate, never to be forgotten, commencement exercises.

# THE YEAR

At the right is the Wofford College R. O. T. C. Unit as they march down Spartanburg's Main street to the Morgan monument during the Armistice Day exercises. The Wofford Unit always makes a good showing in this parade and has no small part in the success of the observance.

At the left is a view of the reception line at the Wofford-Converse freshman reception. The faculty and honor guests compose the receiving line for the annual affair.

Below is a picture of the R. O. T. C. Unit at retreat during the Field Day exercises.

# WOFFORD'S PRESIDENT

Dr. Snyder, who has served Wofford College as President for thirty-nine years, is an author and speaker of national eminence, and is a member of many important educational commissions, both in associations of colleges, and in the Methodist church. His inimitable style of public address has won him the plaudits of all those who appreciate fine public speaking.

Dr. Snyder's absolute devotion to the cause of world democracy is unquestioned, and ever since the outbreak of war, he has interpreted world events in a logical and vivid manner to the student body. He has reminded Wofford men of their obligation and opportunity in the building of a saner world.

## DEAN LEROY H.

Dean Cox is serving his second year as Dean of Wofford. He was graduated from Wofford in 1924, and after several years of graduate study and teaching, returned in 1939 as Alumni Secretary and Director of Public Relations, a position which he still retains.

His many contacts with schools and colleges have fitted him well for the arduous duties of administration, and he has shown a sympathetic understanding of students' problems.

## DEAN ARTHUR MASON DuPRE

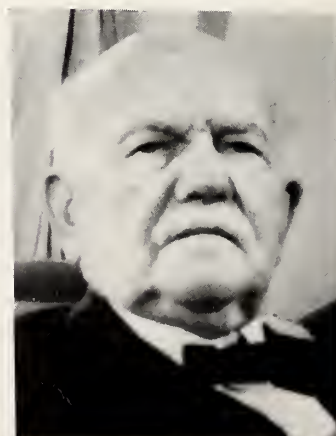

*Emeritus*

Dean DuPre, who served for twenty years as Dean of Wofford College, resigned in 1940. He occupies a place of highest respect in the affections of every Wofford man.

# A SAULTE TO THE FACULTY

They are an unusually patient and self-sacrificing lot, and when all has been said, provocative and challenging as well. Some have written books, a few are eternally busy with projects of their own, and to date none has climbed into an ivory tower and shut his door on the world.

We, who will soon face the world, listen as they catalogue its peoples and towns, and delve into the mysteries of hormones, repressions, economics, Woolworth, poetry, and chicken soup.

For this introduction to life, admittedly incomplete, but stripped of hypothesis and things esoteric, we are silently, but profoundly, grateful.

# WHO'S WHO AT WOFFORD

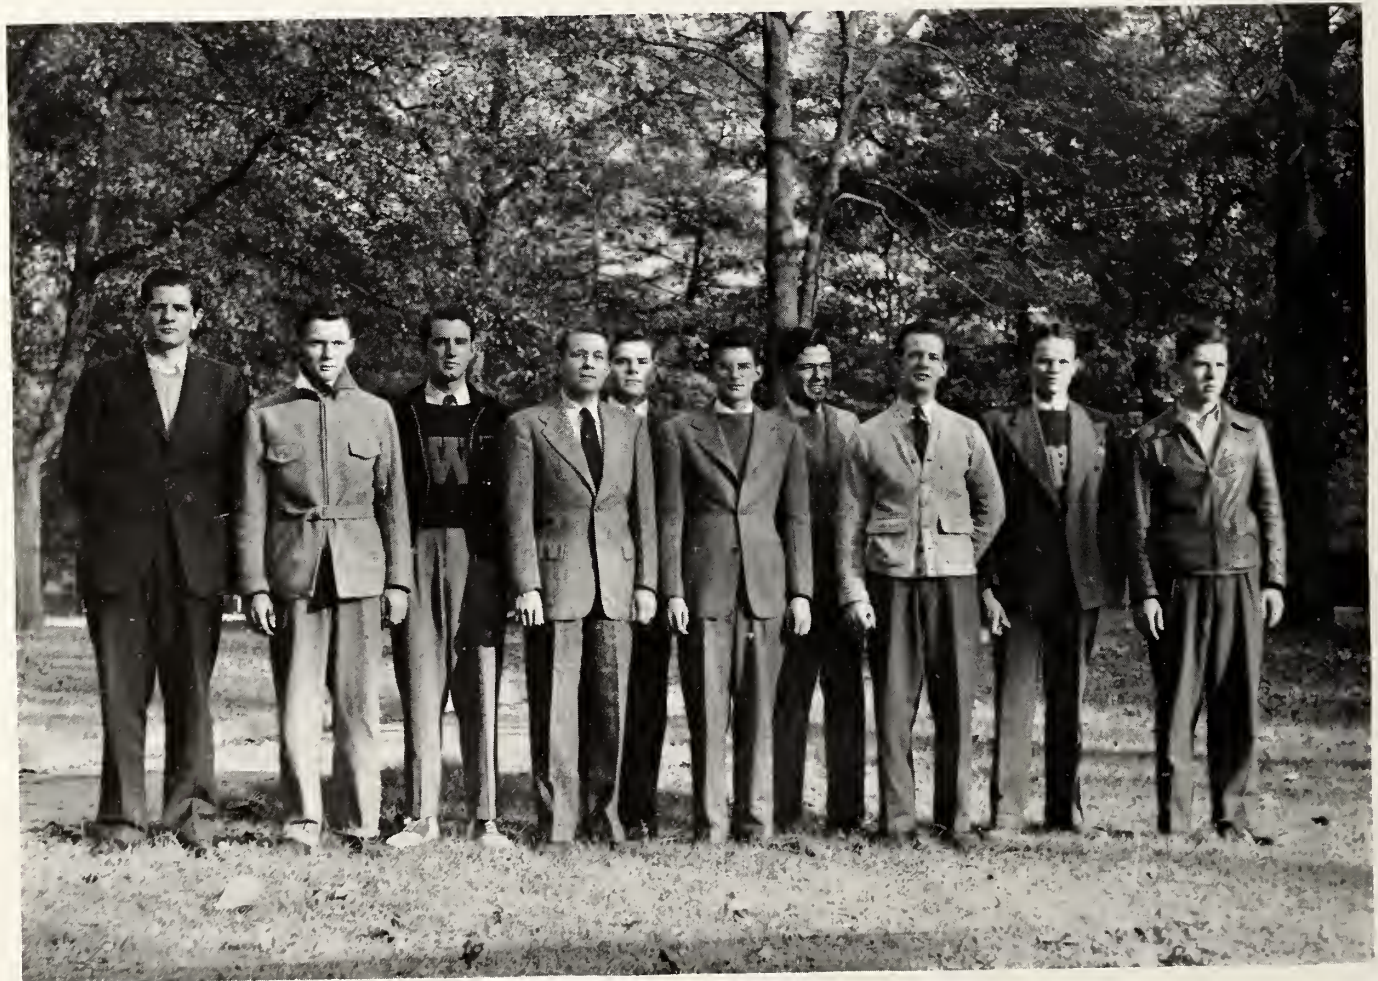

Ten Wofford seniors are included in the 1942 edition of *Who's Who Among Students in American Colleges and Universities* which came off the press in January.

*Who's Who* is published through the cooperation of over five hundred American universities and colleges. It is the only means of national recognition devoid of politics, fees, and dues.

The purpose of *Who's Who* is to serve as an incentive for students to get the most out of their college careers; as a means of compensation to students for what they have already done; as a recommendation to the business world; and as a standard of measurement for students comparable to such agencies as Phi Beta Kappa and the Rhodes Scholarship Award.

# GOVERNING BODIES

## STUDENT BODY OFFICERS

LESLIE MILLS	President
GUY WILKES	Vice-President
W. J. SHEALY	Secretary
MARVIN COLLINS	Treasurer
RALPH EPPS	President, The Honor System

The Student Body officers at Wofford are responsible for the maintenance of the Honor System, the holding of student body meetings, and for the protection and enrichment of the Wofford tradition.

Along with the class officers, they comprise the Student Council, which has jurisdiction in cases affecting the honor of the student body.

The president of the student body gives consideration to important issues among the students, presides over meetings of the Student Council, and is executive in charge of all student body and class elections.

## THE STUDENT COUNCIL

The Student Council of Wofford performs the usual functions of a college student council. The members are Leslie Mills, President of the Student Body; Ralph Epps, President of the Honor System; Guy Wilkes, Vice-President of the Student Body; W. J. Shealy, Secretary of the Student Body; Marvin Collins, Treasurer of the Student Body; Fred Gillespie, President of the Senior Class; Dan Carmichael, President of the Junior Class; John Bunch, President of the Sophomore Class; and Harold Leonard, President of the Freshman Class.

# THE PAN-HELLENIC COUNCIL

The presidents of Wofford's eight social fraternities and one additional member from each group make up the personnel of the Pan-Hellenic Council, which has complete control of fraternity activities on the campus. The presidency of the body rotates among the fraternities.

A successful system of delayed rushing has been perfected by the Council, and several inter-fraternity parties have been planned.

# THE PUBLICATIONS BOARD

The Publications Board was formed in 1935-36 to control the finances of the student publications. Under its supervision, bills are paid promptly, collections are made regularly and thoroughly, and a complete accounting is provided for. The *Old Gold and Black* is issued twenty-eight times a year instead of twelve, and *The Journal* has an improved and more expensive format for its five issues. The BOHEMIAN has steadily reduced its direct charges to the student body, and nearly doubled the amount of photography and engraving in its pages. To these gains may be added a new enthusiasm and pride on the part of all staffs.

# MILITARY

Wofford College has from the very first appreciated the value and importance of its senior unit of the Reserve Officers' Training Corps, and has always been in sympathy with the Corps' mission to develop and train college students for positions of leadership in the Army of the United States in times of national emergency. The wisdom of its attitude is being proved by current events.

We all may well be proud of our part in the Reserve Officers' Training Corps, and proud of the achievements of our representatives now in service throughout the Nation and its defenses and possessions.

## THE BAND

The Military Band is a well disciplined and well trained group of students who are proficient in their various instruments. The Band performs many services to the Battalion during the year, and has an important part in the annual Armistice Day parade.

## THE RIFLE TEAM

The Rifle Team is composed of those men who can best handle the rifle in actual firing conditions, and who are proficient in marksmanship.

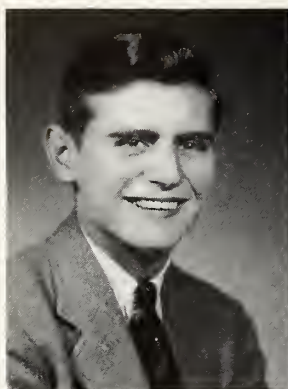

The members of the Rifle Team are trained in a very efficient manner by Captain B. W. Rushton, who has served as coach.

The team has made a highly commendable showing in its matches throughout the State.

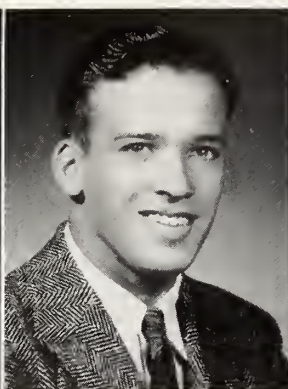

Ed Jolly is student manager.

AUBREY ELLIOTT  
Assistant Manager  
and Bookkeeper

Ed K. Jolly, manager of the Wofford College canteen, has greatly improved the services to the student body, besides making marked and definite improvements in the physical facilities of the canteen.

Three thermostatically-controlled electric boxes have been installed, effective advertising promoted, and a new system of sliding inventory and accurate bookkeeping adopted.

Seven workers are employed during the course of a week, and efficient service, complete stocks of merchandise, and a new thoroughness in all transactions have insured one of the canteen's most successful years.

The Wofford canteen is under the direct supervision of Major Walter C. Guy and Captain B. W. Rushton.

CARL BAILEY	First Sergeant

The National Society of Scabbard and Blade was founded at the University of Wisconsin in 1904. Wofford received its chapter, "M" Company, 6th Regiment, in 1928.

The purpose of this society is to unite in closer relationships the military departments of American colleges and universities; to preserve and develop the essential qualities of good and efficient officers; to prepare the cadets as educated men to take a more active part in the military affairs of the communities in which they may live; and above all to spread intelligent information concerning the military requirements of our country.

*"In records that defy the tooth of time."*

The 1942 *Bohemian* continues and expands the tradition of informality of the past several years in Wofford yearbooks. The keynote of this book is the confusion of the world, and indeed, after the dastardly attack on Pearl Harbor, confusion was felt in everything having to do with the manufacture of yearbooks.

# OLD GOLD

*The Old Gold and Black* is the weekly newspaper of Wofford College. This year, under the dynamic editorship of Guy Wilkes, the paper has scored a number of increases in news value and also in the total number of pages printed in each issue.

The editorial staff believes the function of a college paper is recording the news accurately, and furnishing adequate interpretation of college news in its editorial columns.

*"It is a pleasure to stand upon the shore, and to see ships tossed upon the sea: a pleasure to stand in the window of a castle, and to see a battle, and the adventures thereof below: but no pleasure is comparable to the standing upon the vantage ground of truth (a hill not to be commanded, and where the air is always clear and serene), and to see the errors and wanderings, and mists, and tempests, in the vale below: so always this prospect be with pity, and not with swelling or pride. Certainly, it is heaven upon earth, to have a man's mind move in charity, rest in providence, and turn upon the poles of truth."*

The Carlisle Literary Society was formed in 1905, and since that date, it has continuously trained groups of students, its members, in the principles of debate, the oration, the extemporaneous speech, and many other forms of public address. Much time is given over to the development of the individual student.

# THE PRESTON LITERARY SOCIETY

The Preston Literary Society is distinguished by its long uninterrupted term of service to Wofford—more than eighty years. Many of the men who were members of this society now fill important posts in business and on the bench and at the bar.

The Preston has had a successful year, since its membership is comparatively large, and the programs have been interesting and varied. Members have been given an opportunity to express themselves in all forms of speaking.

All officers of the Preston are elected to serve for one term with a single exception; the exception being the treasurer who is elected to serve the entire school year. Annually the society selects two men to represent it at the annual Oratorical Contest, the Freshman Declamation, and the Sophomore exhibition.

## THE CALHOUN-SNYDER LITERARY SOCIETY

The Calhoun-Snyder Society is one of the three literary societies at Wofford whose purpose is to train students in thinking on their feet and extemporaneous speaking, as well as in the more formal forms of the oration and the debate. The Calhoun-Snyder has entered its members in all of the speaking contests at Wofford, and a lively interest has been shown in the affairs of the society.

# WOFFORD DEBATERS

Debating has been the training-ground for many of the world's finest speakers. Even for those who do not hope to become orators, it is excellent practice in extemporaneous speaking, and requires all the adroitness and logic of the student's mind. Wofford's Debate Team is well coached by Dr. Charles F. Nesbitt. The team has consistently entered regional and national tournies, and contests, and has, this year, won creditable honors.

# THE WOFFORD LYCEUM

The Lyceum is a joint faculty-student project which brings speakers of national note to the Wofford campus for lectures, recitals, and dramatic presentations.

A number of experts in foreign affairs made their appearance this year.

Dr. Gerald Wendt, authority in science, made a talk emphasizing the power of science in the world of today and tomorrow.

Arthur Menken, photographer and lecturer, spoke on the Far Eastern situation. At the time the BOHEMIAN goes to press, also scheduled to appear are Pierre van Paassen, noted author and commentator, and Eve Curie, former coordinator in the French government. Dr. Albert Stanbury is director of the Lyceum.

# THE BLOCK "W" CLUB

Membership in the Block "W" Club is rightly considered as a signal honor on the Wofford campus. A student is eligible for membership only after he has made a block in one of the four major sports: football, basketball, track, or baseball. The organization is an honorary one, re-organized this year and placed on an active basis. As a consequence the Block "W" Club is fast becoming one of the leading and most potent organizations on the campus.

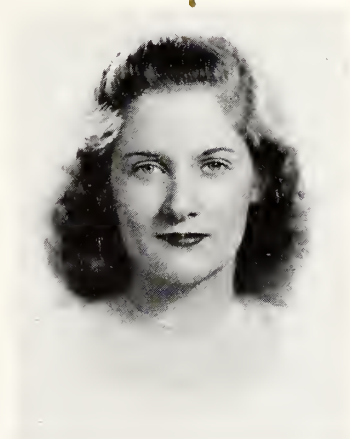

During the year it successfully sponsored various social and athletic events, and has presented sweaters, letters, and keys to its members.

The International Relations Clubs of the United States were formed under the leadership of the Carnegie Endowment for World Peace, and their sole function is to help the student see that the world is round. The motto, "For (my) country through world peace," suggests something of the liberal attitude of the Carnegie trustees.

The Wofford I. R. C. was organized in 1922, being the second organization of its kind in the South. Maintenance of a high scholastic average is one requirement for membership.

Bi-weekly meetings are held, at which time students discuss international and national problems and events, or invite a visiting speaker to address them on some topic of interest. The local chapter sends delegates to the Southeast International Relations Club Conference each spring and to various other gatherings. The club maintains a special shelf in the library for books of general student interest.

Dr. A. M. Trawick is the faculty adviser.

Sigma Tau Alpha is an honorary Christian leadership fraternity, founded at Wofford on November 18, 1937. Its primary aim is the development of Christian leadership through the rendering of Christian service.

The fraternity is divided into five departments—Worship, Deputation, Radio, Publicity, Music—each being headed by a departmental director who is a member of the President's Cabinet. The cabinet assigns each member to that department in which he is best suited to serve.

Membership is achieved only by invitation, based upon a creditable class standing, a record of worthy service, and recognition of potential ability. The Wofford Chapter, numerically, is about evenly divided between lay and ministerial workers.

Briefly, the work of the Wofford chapter consists of teaching in church schools and missions, preaching, leading young people's groups and prayer meetings, sending deputation teams to neighboring cities, writing on religious subjects, and rendering musical programs.

Monthly meetings of the chapter are held throughout the year for worship, business, and mutual encouragement.

# LES COPAINS FRANCAIS

## *Honorary French Fraternity*

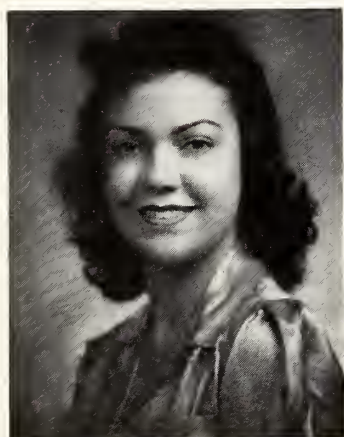

Since withdrawal last year from Beta Pi Theta national organization, Wofford's French fraternity, now known as *Les Copains Francais*, has been purely a local group.

Election into the fraternity is based upon a high standing in the department of French.

Meetings are held monthly in the S. C. A. building, where members present French playlets, sing French songs, and study French civilization.

All members of the fraternity have an opportunity to get a working knowledge of French life and manners.

Professor LeGrand Tennis is faculty adviser for the organization.

The purpose of the Gavel is to promote and encourage debating and the public speaking program and to recognize outstanding work done in these fields. The organization is composed of varsity debaters, membership being limited to those who have proved themselves as proficient speakers and debaters.

Varsity members of the debate team were awarded Old English "W's" late in the spring of 1941. The Board of Trustees granted permission to set aside a certain percentage of the Students' Activities Fee to be used for the debate program.

The purpose of Pi Gamma Mu, honorary social science fraternity, is to inculcate in its members the ideals of tolerance, idealism, and scientific procedure in dealing with the complex social problems of our day.

The society is not a propaganda group for any particular organization of society, nor does it seek to support any particular economic pattern for society. It does, however, encourage its members to adopt objective research and painstaking fact-finding before adopting specific attitudes.

# BAPTIST STUDENT UNION

The Baptist Student Union was organized on the Wofford campus in 1938. Its purpose is to link the Baptist students up with the local churches and their unit organizations. It has always endeavored to the fullest degree to cooperate with the other religious organizations on the campus. A student does not join the Baptist Student Union, but automatically becomes a member when he joins a Training Union, Sunday School, or other unit organization of a Baptist Church. The work is promoted by a Baptist Student Union Council which is elected annually.

In addition to its local activity, the Wofford Council has gained recognition in the State Baptist Student Union Organization. The Ezell twins, for example, have served this year as Ridgecrest Representatives for the state work.

The Alpha Lambda Tau fraternity was founded at Oglethorpe University, Atlanta, Georgia, in 1921. Kappa Chapter was established at Wofford in 1928. An alumni chapter was formed in Spartanburg in 1937.

The chapter has four seniors who are active in campus activity: John Ballenger, president of the fraternity, is also Business Manager of the 1942 BOHEMIAN, and a member of the Senior Order of Gnomes, Blue Key, and Scabbard and Blade; Harry Howle is Business Manager of the Glee Club, and very active in religious organizations; John Miller is on the Publications Board, and is a member of Delta Phi Alpha; Carl Bailey is a Senior Class officer and a member of Scabbard and Blade.

Several outings were held, among which was a successful 'possum hunt. Kappa Chapter's annual banquet and dance was held in April. Plans are being made for a house party at the beach at the close of the school year.

## PSI CHAPTER

Delta Sigma Phi was founded at the College of the City of New York on December 10, 1899. Psi Chapter was installed at Wofford College on April 17, 1916. The Delta Sigs have many alumni in the city who cooperate with them in the execution of their social functions and other activities.

The fraternity is very fortunate in having as director of its social life here in the city, Dr. and Mrs. J. O. Wilson. Every Tuesday night after the meeting, the boys go out to "Mom's and Doc's" for social entertainment.

This year the annual Founder's Day banquet was held on December 10 at the Franklin Hotel.

Each year the alumni of Spartanburg sponsor a Sailors' Ball for the boys.

# DELTA CHAPTER

Kappa Alpha Order was founded at Washington College (now Washington and Lee University) on December 21, 1865, with Robert E. Lee as the spiritual founder. Delta Chapter was founded at Wofford on February 23, 1869.

This chapter has more alumni living in the city than any other fraternity on the campus, which is a valuable asset, for it insures cooperation in many of the undertakings of the fraternity.

The group is represented on the faculty by Dr. A. M. DuPre, Dr. D. D. Wallace, and Professor LeGrand Tennis.

Social functions are held regularly throughout the year and play an important part in the fraternity's activities. Among these are the Robert E. Lee banquet held on January 19 and the annual Farmers' Ball which is given by the Spartanburg Alumni Chapter in April.

# ALPHA NU CHAPTER

The traditional European founding of the Kappa Sigma fraternity took place in the year 1400 at the University of Bologna. There, nearly 550 years ago, a group of young students at the University organized for protection against the tyrannical ruler at that time, Pope John XXIII. Kappa Sigma's first American chapter was organized at the University of Virginia on December 10, 1869. Wofford's chapter was founded in 1894.

Today, Kappa Sigma is firmly established in 110 colleges and universities in the United States and Canada. Kappa Sigma owns houses valued at over \$3,000,000, and has an endowment fund of nearly half a million dollars, which is by far the largest student loan fund of any fraternity.

Kappa Sigma at Wofford sponsors many parties and dances throughout the school year and a house party every summer. The leading event of the year is the annual banquet and dance held every February.

## KAPPA OMICRON-ZETA CHAPTER

Lambda Chi Alpha was founded at Boston University on October 1, 1909. Lambda Chi Alpha stands third among national fraternities with 107 chapters. Its position was strengthened when it amalgamated with Theta Kappa Nu, another strong national fraternity, late in the summer of 1939.

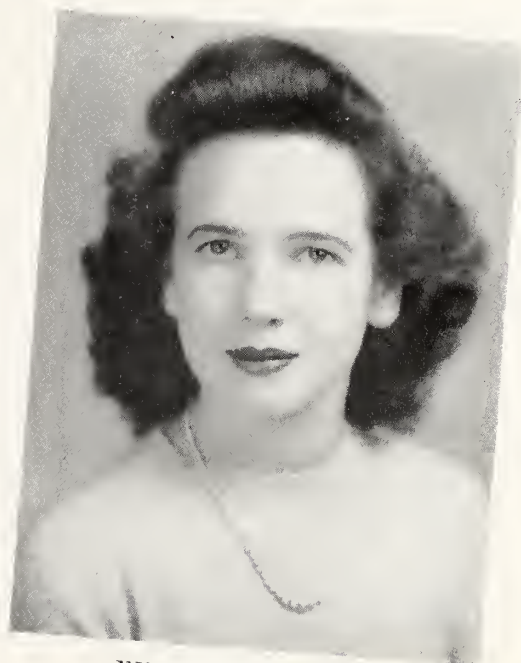

Kappa Omicron-Zeta chapter was established at Wofford on May 15, 1926. The fraternity occupies comfortable quarters above Boyd's Dress Shop on East Main Street. The hall is modernly equipped and provides an ideal meeting place for informal social life of the members.

# ZETA CHAPTER

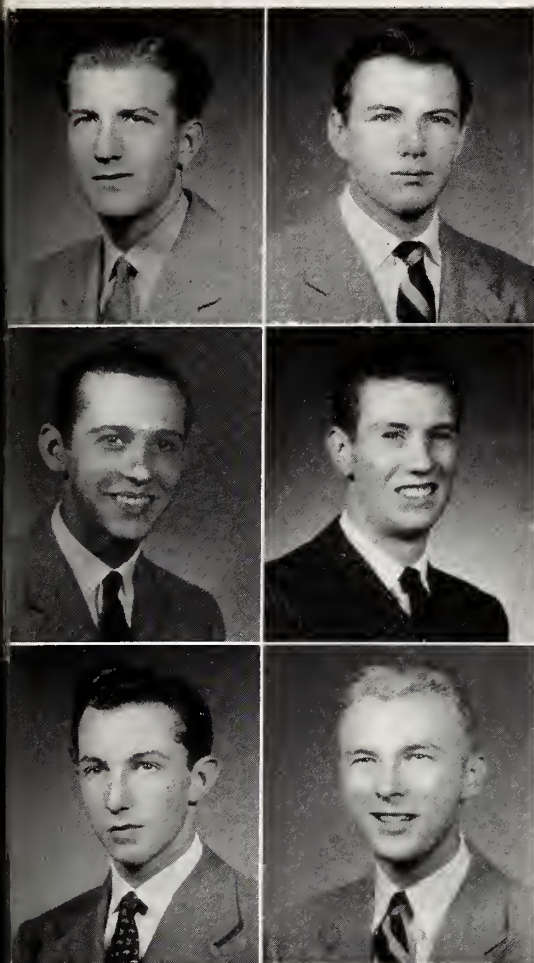

The Pi Kappa Phi fraternity was founded on December 10, 1904, at the College of Charleston.

It now has five undergraduate chapters in the State of South Carolina: Wofford College, Presbyterian College, the University of South Carolina, College of Charleston, and Furman University.

Zeta Chapter was affiliated with Wofford College in 1911.

The fraternity has four seniors on its chapter roll: Arthur Hammond, member of Scabbard and Blade, and the Pan-Hellenic Council; Bud Burnett, former Wofford football star; Marion Dowling, member of Scabbard and Blade; and Jeff Painter, member of the Pan-Hellenic Council.

During the year the fraternity engaged in many social functions which included the Founder's Day banquet, smokers, parties, and a week-end party in the mountains. The April 10 Spring formal was a highlight of the year.

# S. C. GAMMA CHAPTER

Sigma Alpha Epsilon is one of those collegiate social organizations which started as a local group and developed into a huge society, with chapters on campuses throughout the United States. It was organized by eight scholarly men in the Old Mansion House at the University of Alabama, Tuscaloosa, Alabama, March 9, 1856, with Noble Leslie DeVotie as the principal founder and author of the impressive ritual.

South Carolina Gamma Chapter was founded in 1885 at Wofford College.

Today S. A. E. has one hundred and thirteen chapters on campuses in forty-three states, and has a membership of over 54,000.

Each year S. C. Gamma Chapter celebrates Founder's Day with a banquet. The members and pledges of this chapter spend a week together every summer at their annual house party.

# GRIDIRON

By BOB PURDY,  
*Bohemian Sports Editor*

The stubby fingers and sturdy wrist above represent the capability of the man to whom they belong. Throughout the past football season he has led the players with his willingness to work, his unpretentious cooperation even though he was the star, and his ability plus a will which proved that one may be little and yet be a great gridiron performer.

The hand is that of Jimmy Hilton. To him, now in the United States Army, we send our sincerest wishes and the acknowledgement that we expect more than a few years to pass before we again see an athlete with his courage and skill.

THE VARSITY MANAGERS: LeHEW BELL  
AND CLAUDE EDWARDS.

THEY HOLD THE REINS: FROSH COACH "HO" DOTHROW, HEAD  
COACH JULES CARSON, AND BACKFIELD COACH PHIL DICKENS.

Wofford College had two representatives in the inaugural All-Star game held at Greenville after the regular football season closed. Jimmy Hilton, wingback, and Wilbur Stephens, center, brought an end to their grid careers by playing as members of the Palmetto state squad against a picked group of North Carolina seniors.

# REVIEW OF THE '41 SEASON

By no stretch of mathematical imagination can we call this a "winning" season for Wofford. Four victories—one by forfeit—and six losses do not constitute a successful year.

Probably the Terriers were capable of winning more games than they did, but, as in past years, the Wofford team presented a puzzle to us. A championship team one day, the next they could, and very often did, play football almost as amateurs. Overconfidence, injuries, and that undefinable thing called "slump"—these were undoubtedly responsible for the Terriers' performances in many games. However, in spite of their losses, the Terriers always gave us colorful games with plenty of excitement.

The 1941 squad was composed of many individual stars, too numerous to mention here. Robert Epps and Jimmy Wall, both 160-pound sophomore tailbacks, seem the two destined to make the Palmetto football teams sit up and take notice in the next two years.

Only four men—Tom Martin, Jimmy Hilton, Dewey "Snag" Calvert, and Wilbur Stephens—will be lost by graduation, leaving the Terriers with five line men and three backs returning from the 1941 first team. These men will be supplemented by seven freshmen who have had varsity experience under the new S. I. A. A. rule, ten upperclassmen, and new junior college transfers.

So once again we find ourselves looking forward to "next year" for our winning football team. We hope not to be disappointed. We don't think we will, unless a lot of unexpected things happen.

## WOFFORD 19—FURMAN 40

A powerful Furman University team defeated Wofford in the season's opener at Greenville, 40-19.

The game's most spectacular run was made by Hilton late in the third period when he faked a punt and ran 77 yards through the Furman team for the touchdown. The try for extra point failed.

Epps, Hilton, and Wall paced the Terrier backfield; in the line, Faust, Martin, and Boswell stood out.

## WOFFORD 1—OGLETHORPE 0

The Terriers' first home game of the season was scheduled with Oglethorpe University of Atlanta, Georgia. A few days before game time the Petrel officials wished to call the game off, giving as their reason a large number of injured men. Wofford's officials were forced to refuse the request.

Oglethorpe then refused to play in violation of her contract, and Wofford won by forfeit, 1-0.

## WOFFORD 13—ERSKINE 6

Wofford hit the win column next and spoiled Erskine's Homecoming Day by downing the Scededers before a crowd of 3,000. Epps' passes to Hilton and Faust provided the scores.

The second half saw Epps run left end for 21 yards, pass to Hilton for 9 more, and later pass to Faust, who covered 25 yards for a look at pay dirt for the Terriers' first score.

Wofford's defensive stars were Stephens, who intercepted three passes, Eddie Robinson, "Snag" Calvert, Don Linn, and "Sonny" Sonneborn. Offensively, Epps, Hilton, Wall, and Faust shared honors.

## WOFFORD 14—MERCER 20

A Georgia sun and Mercer's stocky "Rabbit" Hodges blazed too hot for the Terriers on October 18 and Wofford went down 20-14.

Mercer drew first blood in the second quarter. The Terriers came back with a 57-yard drive, climaxed by Epps' pass to Faust for 34 yards and a score.

Hodges made the payoff touchdown, breaking away on a jaunt that saw him outdistance the Wofford secondary. Hilton and Linn were Wofford's offensive stars.

# SEASON IS ON

## WOFFORD 28—RANDOLPH-MACON 13

An air-mail triumph was the 28-13 victory gained over Randolph-Macon on Homecoming Day before a crowd of 2,500 people, with Epps tossing and Hilton and Faust catching. Epps heaved three touchdown passes, one to Hilton and two to Faust, and Hilton accounted for the final six points. Charlie Huff, tackle, was by far the outstanding defensive player on the field, often stopping Jacket plays in the visitors' back-field. The kicking of Epps and Wall was also a feature of the game.

## WOFFORD 20—CATAWBA 21

Most thrill-packed game of the year was played on Snyder Field between Wofford and Catawba College. The invaders won, 21-20. The most sensational play of the season took place in the third quarter. Epps took the kickoff on his 10, wiggled his way up to the 40 and then, tackled by several Catawba men, tossed a short lateral to Hilton, who raced the remaining 60 yards for a touchdown. Hilton made the extra point and the score read: Catawba 21—Wofford 20.

## WOFFORD 7—CITADEL 42

A crippled Wofford team went down 42-7 before Citadel at Charleston in the next game.

Forced by Citadel officials to play under Southern Conference rules instead of the customary S. I. A. A. rules, which permit a small squad to use freshmen players, the Terriers faced the Citadel's large squad with a 21-man squad, three of whom were injured. Before the first quarter ended, two more Wofford players were lost by injuries.

Faust, Calvert, Smith, and Boswell were on the receiving end of most of Epps' passes.

## WOFFORD 0—P. C. 44

Playing against P. C. in the season's last intercollegiate home game, the always-unpredictable Terriers hit the skids to the tune of a 44-0 defeat, in losing to a P. C. team rated only slightly stronger than Wofford. P. C. scored once in the first quarter and twice in each quarter thereafter.

## WOFFORD 12—NEWBERRY 7

The Terriers staged a comeback and also gained revenge for a 1940 whipping by defeating Newberry 12-7 in the state's only Thanksgiving Day game.

Newberry scored on the fourth play of the game when Randall ran 32 yards for the touchdown. The kick for extra point was good and Newberry led, 7-0.

An Epps-to-Faust pass set the stage for the first score and this same combination accounted for the other tally.

Epps, Faust, and Linn were the Terrier stars, although the entire Wofford team played unusually good ball, a far cry from the brand seen the previous week against P. C.

## WOFFORD 0—CAMP CROFT 14

In the final game of the season Wofford was defeated 14-0 by the Crusaders from Camp Croft, a service team, composed of former college stars. Again the underdogs, the Terriers surprised everyone by out-playing the Croft team except for two quick scoring thrusts by the service men.

Wofford was in possession of the ball five times within the Croft 25-yard line but was never able to score.

Sensational passing by Epps to Hilton, Faust, and Brown featured the game. The Wofford line played exceptionally well, holding the heavier and more experienced Crusaders to scant gains and often throwing them for losses.

Four Wofford Seniors played their last game of Terrier football against the Croft team. Captain Tom Martin, Alternate Captain Jimmy Hilton, Dewey "Snag" Calvert, and Wilbur Stephens exhibited some of their best football in bowing out of the Wofford grid picture.

# THE FRESHMEN

Because the Wofford varsity squad is too small to run the risk of injuring its players by scrimmaging them against each other, the freshman team is used almost solely for that purpose. The Pup team each week learns new plays from new formations to run against the varsity and consequently have little time to develop an offensive attack of their own. Since their time is thus continually absorbed, the games of the freshmen are not considered of great importance, but are scheduled more or less for the sake of giving the frosh an opportunity to meet some one other than the varsity players in competition. The results of these games are not to be taken as an accurate measure of the ability or talent of the freshmen, which is tabulated according to how well they fulfill their duties as testing blocks for the Terriers on week days.

The Pup squad thus is an integral part of Wofford's football system. They are to be complimented as hitherto unheralded contributors to whatever success the Terrier grid team might have each season.

The Pups' season opened at Davidson against an unusually strong Davidson freshman team. The Wild-kittens of North Carolina used four teams in running wild opposite the Pups to a 77-12 score, the worst defeat ever suffered by a Wofford freshman team. Brilliant passing by Harold Leonard to Bill Ham and Olin Lane accounted for both of Wofford's touchdowns.

The Little Terriers next met P. C.'s frosh at Chester. Playing in rainy weather, the Pups were no match for the heavier Blue Anklet team and lost, 28-0. Again the running of Leonard was a feature of the game.

Getting better with each game, the Pups dropped a close 14-6 decision to Mars Hill Junior College to close the season at Spartanburg. The Wofford frosh team made 15 first downs to the Lions' 13, but always lacked the scoring punch when in sight of the goal. Harold Leonard scored the Pups' touchdown in the third quarter as he drove over the goal line from the two-yard marker. Leonard also made a spectacular 71-yard run in the second quarter to the Mars Hill 10-yard line, but the Pups were held here for no gain. "Shorty" Locklair stood out in the frosh line with his defensive playing.

## SEASON

Coach Phil Dickens was confronted with the problem of building a virtually new team this season in basketball. Of the squad which had in 1940 and 1941 carried the Terriers to second place in the state hoop race, only one man—Aubrey Faust—remained from the starting five.

Using the material on hand, Coach Dickens molded the team around Faust and diminutive Ty Wood, a junior transfer from Spartanburg Junior College.

As the season progressed, so did the team. It never consistently showed the coordination and instinctive skill that only practice and experience in playing together as a unit can bring to any athletic team, but when the final whistle blew the Terriers were a vastly improved group of courtmen. They had given a preview in several brilliantly played games of the latent power and deception they possessed and which needed only time to bring it forth.

HIGH, WIDE, AND HANDSOME.

Ty Wood reaped individual honors when he was selected on the second team of the All-State basketball squad in a poll taken of sports editors throughout the State. Official information is that Wood was among the leaders until the balloting reached its last stages.

The entire first team of this year will return next year, bringing with them the valuable knowledge of court tactics gleaned from the 1942 schedule of victories and losses. We are looking for a return to the supremacy in basketball enjoyed in the past few years.

Eight top-flight players, including the entire varsity five, graduated from the 1941 tennis squad. This season's team, comprised of one freshman, three sophomores, and one senior, is made up wholly of green material. Although several men on the squad have potential ability and one is already a polished netman, they are more or less starting from scratch, and the golden days of tennis at Wofford are to come not this year but within the next few years when these underclassmen develop with experience and application. As this goes to press two matches have been played, one with P. C., the other with Erskine. Wofford was defeated both times, by 7-0 and 5-2 respectively.

# INTRAMURALS

Wofford each year offers a schedule of intramural sports to those students who are unable to meet the requirements of the varsity teams or who are eliminated from intercollegiate athletic competition due to work or study schedules.

Beginning with touch football in the fall, the sports calendar offers basketball in the winter and tapers off with softball in the spring. In football the competition approaches the actual rigors of varsity grid teams; the blocking is performed with just as much enthusiasm if not with as much skill; the bruises are just as numerous. The "touch" part of touch football, let us assure you, is rapidly becoming a misnomer.

TOUCH FOOTBALL CHAMPIONS

Kappa Alpha Fraternity

KNEELING: JAMES PRUITT, HARWOOD HEEBE, COLLIE BROWN, ED MIXON, ALEC FRETWELL, JOHNNY BUNCH. • STANDING: EVERETT PAGE, SONNY WANNAMAKER, HOWARD HERCKMAN, RANNY BROWN, CARLISLE RAMSEUR.

BASKETBALL CHAMPIONS

Carlisle Hall

LEFT TO RIGHT: ROBERT EPPS, MEYER SONNEBORN, MARK GRUBBS, WILBUR STEPHENS, PEACHES GREGORIE, BILLY MAHRY, TOM MARTIN.

In basketball, intramural games are held after varsity practice or when the team is away, and an accurate sharpshooter is a prize to be cherished. In softball, requirements consist principally of the desire to play.

A large part of Wofford's students participate in this sports program and the rivalry is keen. A feeling of good sportsmanship, friendly opposition and an appreciation of physical exercise as well as of mental, is created through this system of athletics.

Wofford's baseball team is in the making as this is written. Only three of last year's regular players are back in uniform, but a promising crop of new men, particularly freshmen and sophomores, are going through the daily practice sessions and are showing up as being well-versed in the art of making hits, runs and—so far—not too many errors.

In a practice game not on the regular schedule Wofford defeated the Spartanburg Junior College nine by the score of 9-1. The junior college ball club, as is customary, is a strong one, and if this pre-season look at the strength of the Terriers is any indication of the results of games to come, they should have a successful season in spite of the veterans missing from the diamond.

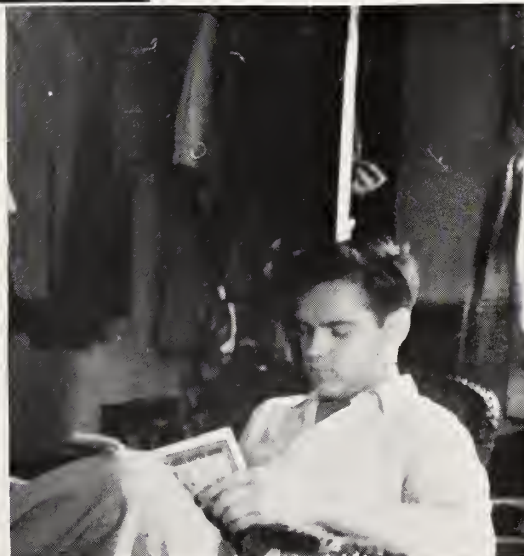

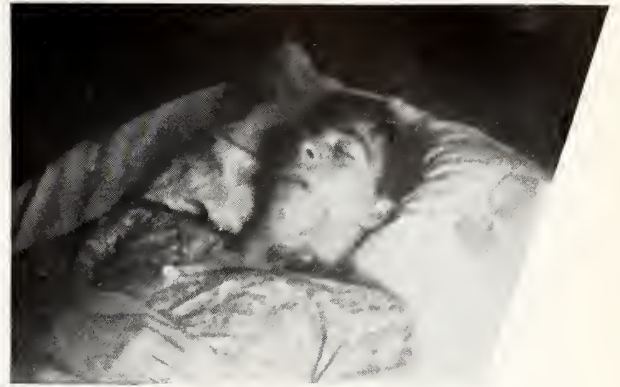

BACK ROW, LEFT TO RIGHT: JIMMY WALL, SNAG CALVERT, HENRY ROLLINS, RALPH BOGAN, WINFORD SHIELDS, ARTHUR SMITH, DON LINN, JACK GUILDS, HAROLD LEONARD. • FRONT ROW: FLOOGIE ARIALL, (ASSISTANT MANAGER), GUY BOSWELL, ROBERT EPPS, JOE PARKER, ED BLACKMON, WILBUR STEPHENS, AUBREY FAUST, CLAUDE EDWARDS, (MANAGER). • NOT INCLUDED IN PICTURE: BILL HAM, TY WOOD, AND JAMES CHITTY.
